

COMMUNITY INDICATORS VISION STATEMENTS

What does it mean to build a HEALTHY COMMUNITY?

ACCESS TO HEALTHCARE: *We envision communities where residents can easily access quality medical support and prevention services.*

ARTS & CIVIC ENGAGEMENT: *We envision communities where individuals and community groups can convene, identify, and address shared values, for the purposes of good governance, community development, and public artistic expression.*

EARLY CHILDHOOD EDUCATION: *We envision communities that offer health and educational supports for early learning and integral development of young children.*

FAITH COMMUNITY: *We envision communities where residents can experience a sense of belongingness and can practice their faith in ways that inspire social connectedness and transformation.*

GREEN SPACE, CLEAN AIR & WATER: *We envision inclusive communities that offer parks, preserve green spaces, and protect the environment for all people to enjoy the outdoors.*

HEALTHY ECONOMY: *We envision communities where people and businesses are willing and encouraged to work, invest, donate, and spend their resources locally.*

HEALTHY LIVING: *We envision communities that are designed so that residents can easily make healthy lifestyle decisions, like eating nutritious food and being physically active.*

K12 SCHOOLS & EDUCATION: *We envision communities that offer ample support to our students and educators so that quality education and academic success can be achieved by all people.*

STRENGTHENING & SUPPORTING FAMILIES: *We envision resilient communities that offer empowering supports for family wellbeing, safe neighborhoods, and community trust.*

TRANSITION TO ADULTHOOD: *We envision communities where young adult have the social and economic capacity to live, work, learn, and become engaged citizens.*

TRANSPORTATION ACCESS: *We envision interconnected communities where residents have a variety of safe, affordable, and reliable transportation options.*
